

# Exhibit 3

This writing will confirm our agreement relating to the prosecution of the *City of Dearborn Heights Act 345 Police & Ret. Sys. v. Chicago Bridge & Iron Co. N.V. et al.*, No. 1:17-CV-1580 (to be consolidated with *Thomas Hubbell v. Chicago Bridge & Iron Co. N.V. et al.*, No. 1:17-CV-2414) putative class action securities litigation. As we discussed, our firms, Kahn Swick & Foti, LLC, ("KSF") and Pomerantz LLP ("Pomerantz"), and our respective clients Alsar Limited Partnership ("Alsar") and Ironworkers Locals 40, 361, 417, 580 ("Ironworkers"), agree that in the event any of our respective clients (including a subset or single member of Ironworkers) is appointed lead plaintiff and the selection as lead counsel of KSF or Pomerantz is approved by the Court, KSF and Pomerantz will split any attorney fee awarded by the Court 50/50. In the event local counsel must be retained, any fee to local counsel will come off the top.

Each firm agrees to use good faith and best efforts to do its 50 percent share of the work. In connection therewith, lodestar may be exchanged at periodic intervals at either firm's request. In the event that either firm in its view determines that the other has done less than its fair share of the work as the litigation progresses, it should provide written notice and an opportunity for the other firm to respond and cure, if necessary. The firms agree to split all reasonable expenses in the litigation. If either firm determines that the other has failed to pay its share of the expenses, that firm should provide written notice and an opportunity to cure.

The parties will endeavor to include all clients as named plaintiffs and/or proposed class representatives in the amended complaint and both firms as signatories on the filings in the case, but in no event will the failure to do so, or the inability of any of the clients to serve as a named plaintiff and/or certified class representative, constitute a violation of this agreement.
